

# THE PHOENIX HERALD.

SEMI-WEEKLY EDITION.  
Wednesday, May 21, 1879.

## TOWN AND COUNTY.

Chew Jackson's Best Sweet Navy Tobacco.

Joseph Coffin died at the hospital last Saturday. Cause, pleurisy.

The S. P. R. R. Company is assessed for \$176,000 in this county.

Large crops will be obtained at Tempe this season.

For building lumber, at bed rock prices, address Clipper Mill Lumber Company, Prescott.

A delegation of Maricopa Indians have arrived in Los Angeles, and are much interested in the sights of the city.

H. D. Walker of Downey city, California, has shipped a lot of Poland China pigs to this city.

The Times of San Bernardino copies entirely our advice on the Grand Canal Company, published in the Herald of May 10.

The streets of Phoenix, if stretched in one continuous line would reach nearly to the railroad town of Maricopa 38 miles.

The Board of Supervisors, at their meeting yesterday postponed consideration of the Courthouse plans until their regular meeting June 24.

The Board of Supervisors held a meeting on Monday and Tuesday. The business transacted was the auditing of a few bills and the passing of an order changing the office of the sheriff. The board will hereafter occupy the rooms used by sheriff.

Luke & Thalheimer will open their new saloon in a few days, the delay being caused by the non-arrival of material. At the brewery part of the establishment excellent beer is being turned out. Their advertisement will appear in our next issue.

Thomas G. Rogers is now running the sprinkling cart, having purchased the same from its former owner. Our citizens should not be backward in their support of this enterprise, as it will be a great blessing during the present summer.

H. B. Jones, who was arrested lately at Maricopa for shooting a man named Baxter, after a hearing at Florence, was discharged, it being proven that he acted in self-defense all the way through.

Special orders No. 58, Sec. 1 reads: I, M. Blarcom, Quartermaster's employee now at Phoenix, A. T., will proceed to Los Angeles, Cal., and report in person to Second Lieut. G. L. Scott, Sixth Cavalry, Recorder of the Board of officers, constituted by orders No. 58 from these Headquarters.

The United States Brewery wish to inform the public, and lovers of good beer, that they have reduced the price of their best bottled beer to three dollars per dozen, in order to allow the poor as well as the rich to obtain a beverage highly beneficial to health.

A large number of handsome residences are at present in course of construction in our city. Among those nearly completed we notice A. D. Lenoir, District Attorney, and High McDonald, Under Sheriff, the northern portion of town, John Lutzgerling's on Washington street opposite the courthouse plaza, M. L. Phillips on Center street and Mrs. Stroud and H. B. Jones, in the eastern portion of town. They are all a credit to our rapidly growing city.

"Business is picking up in Phoenix and no mistake," said recent Kirkland the other evening, "why I put a hundred pair of gloves on the shelves this morning—only this morning—and would you believe it, when I looked up there were only fifty pairs left, only fifty pairs." Of course this was encouraging, and Brent was warmly congratulated. But you should have seen the mob go for him as he hurriedly shot through the door after remarking, "The other fifty were rights you know."

Seeing the great necessity of accommodating our large number of customers who reside outside of San Francisco, I have opened a fine establishment for their accommodation. Parties wishing to purchase any article from my immense stock, may be assured of getting only first-class articles. Remember the exact location of the new establishment, No. 221 Kearny street, west side, between Bush and Sutter, next to Madison Dore restaurant. Uncle Harris, Prop.

The flying hay press, spoken of in these columns, has been in successful operation during the past three weeks. It has a capacity of four tons of nicely baled hay per day, with a working force of four men and one span of horses. The bales weigh one hundred a fifty per bale and the press used but five pounds of baling rope per ton. It has all the work it can possibly do for weeks to come.

## POOR PECK.

Again in trouble Over the Mill and Mine Bearing his Name.

A complaint has been filed in the office of F. A. Shaw, Clerk of the District Court, entitled Edmund G. Peck vs. the Peck Mining Company, W. S. Hobart and Alvin Hayward. The plaintiff brings suit for himself, as well as any other stockholders who may contribute their proportion of the costs of the suit.

In the complaint Peck alleges that he controls about 25,000 shares of the stock and that he is one of the Directors of the company; that the corporation was organized under the laws of the State of California, for the purpose of working the Peck mine in Yavapai county, Arizona. The machinery consists of a ten-stamp mill. The Board of Directors are: William Sills, J. C. Stebbins, — Howe, — Dutch, Henry Edgerton, Ed. G. Peck and W. S. Hobart. The plaintiff owns 24,000 shares; L. A. Jewell, 5,000; Corporation itself, 27,500; Hobart and Hayward own 30,000 and the balance distributed among persons unknown to the plaintiff. Sells, Dutch and Edgerton own only sufficient stock to allow them to hold positions lawfully in the directory; that Sells and Bridge are the automatic friends of Hayward and do his bidding. The rest of the Directors are tools of Hobart and Hayward. Last May, these two entered into a conspiracy to obtain control, and for the supposed purpose of clearing the company of an \$80,000 debt, the innocent stockholders allowed Hobart and Hayward to control the working of the property. Peck also relinquished control of his stock, so much faith did he have in the two H's.

Win. Hardy was sent down from San Francisco as Superintendent and managed the property from May to December of last year. He then resigned and F. W. Blake of Prescott, was appointed. Blake retired about the 21st of last month. During Blake's and Hardy's administration, about \$400,000 was extracted, and the expenses ought not to exceed \$165,000, leaving \$235,000 that should be in the hands of the Treasurer of the company; that Hardy was a tool of Hobart and Hayward—and his acts were for their benefit; that Blake as Superintendent was not much improved on Hardy; that an assessment is threatened and will be levied if not restrained; that the mine was never in a better condition, and has plenty of ore in sight easily of extraction; that the books of the mine were kept in a fraudulent manner, and in the \$235,000 used by Hayward and Hobart for their private uses were restored to the corporation, there would be sufficient funds to pay all just debts and liabilities, and the further development of the mine, and declare a dividend of at least \$1 per share, and if not shortly prevented the "outsiders" will be "frazzled out," therefore a Receiver is asked for, and an accounting be had between Hobart and Hayward and the corporation.

Judge Porter issued an order dated May 14th, appointing Ezekiah Boswell, Receiver, with full power to work the property, and have entire control upon his giving a bond in the sum of \$7,500. The bond was given with Chas. E. Bowen and Edwin J. Knowles as sureties.
